Holiday Giving

The holiday season is upon us, and there are so many ways to make it brighter at Our House. **Adopt-A-Family** is a special opportunity to provide gifts for families in our programs. Donors can choose a family size based on your budget, helping ease the financial pressure of holiday shopping for families experiencing homelessness. **Get started at ourhouseshelter.org/holidays**

Spotlight: Ashley S.

Over the past year, Ashley has been working to create a stable future for her family. While pregnant with her youngest, Rylee, Ashley left an abusive relationship and returned to Arkansas to give her children a safer life. Because of her high-risk pregnancy, she wasn't medically cleared to work until her daughter was 6 months old. With nowhere permanent to go, they moved from place to place, staying wherever they could. Every day became a balancing act of finding somewhere safe to sleep while trying to keep working and moving forward. She first sought refuge at other shelters before being connected to our Stability Program. Soon afterward, Ashley's family moved into our Family Housing program. With support from her case manager, Ashley navigated housing assistance and connected with resources to help her family get back on their feet. After two months in the Family House, Ashley and her children moved into their own apartment. Ashley's youngest continues to attend Bright Beginnings, where she has received support with her developmental milestones and made encouraging progress. Today, Ashley is working toward better employment opportunities and continuing to build a brighter future for her family. "I'm happy," she says. "I'm not content, but I'm happy. I'm ready for growth."
