Looking for a summer activity? Come volunteer with us at Our House! Sort donations in the Our House Resale Store, join Bright Beginnings for water play days, tutor in Our Club, and much more!

Project Swim

Our Summer Program has officially kicked off and that means time is ticking on Project Swim! Help us make sure every child is ready to dive into a summer of fun by donating today—we're collecting swimsuits, goggles, towels, and other summer essentials. Shop or donate at ourhouseshelter.org/projectswim

Pack the Backpack

It's time for Pack the Backpack 2025! Help us equip over 150 kids and youth in our Children's Programs and Stability Program with all of the school supplies they need for the coming year! Whether you donate, shop on Amazon, or start your own drive, your support is crucial to the success of children experiencing homelessness → ourhouseshelter.org/packthebackpack

Spotlight: Jada

Jada is a mother of five who found herself living in her car with her children after her marriage ended. At the urging of her mother, Jada came to Our House in April 2024, and she and her children were the second family to live in our new Mabee House. Jada's children were immediately enrolled in Bright Beginnings and Our Club. With care for her children secured, Jada was able to get the support she needed, both from our mental health team and from our Career Center. Jada enrolled in our job training program, where she gained experience working in the Our House Resale Store. After completing the program, Jada secured a steady job as a bus driver! Income from her job allowed Jada to find a great apartment for her family, which they were moved into in March, less than a year after coming to Our House. Jada's children continue to attend our Children's Programs, and she is focused on building a new stable life for her family, while also working towards new goals—completing her education and building a new career in a caring profession. Jada's success is due to her own hard work, but she also gives credit to the support she received from Our House: "It's a great place to be. It helps people get on their feet."
